The Olds Station area is Wenatchee's north end economic growth zone, at the confluence of the Columbia & Wenatchee rivers. It is home to the Port of Chelan Co. and the hub of our regions primary industry, fruit packing. Recent and notable real estate developments in this area include the Confluence Technology Center, wineries, hotels, office buildings and the Gateway Cinema. Olds Station is Wenatchee's portal to the regions recreational tourism, connecting East and West.
